Education

University of Illinois Champaign, IL
Bachelor of Science in Computer Science Expected May 2027
Relevant coursework: Computer Architecture, Data Structures & Algorithms, Database Systems, Game Development

Experience

Central Illinois Mosque and Islamic Center (CIMIC) Urbana, IL
IT & AV Systems Support Aug 2025 – Present

- Administer on-premise servers, display endpoints, IP cameras, and live streaming infrastructure for weekly services and events, with live troubleshooting of network, audio, and streaming issues during services
- Architected an IoT device-management system using Home Assistant and Wake-on-LAN (WoL) to orchestrate display power states, channel and source routing, and scheduled shutdowns across the facility
- Engineered trigger-based endpoint automation with MacroDroid (event triggers driving device actions) that keeps displays on the correct channel for each service, eliminating manual AV setup for recurring events

Rosecrance Behavioral Health Champaign, IL
Engagement Specialist May 2025 – Present

- Provide technical support and maintain EMR and case documentation in a HIPAA-regulated behavioral-health environment across three counties
- Designed and maintained an operational tracking system logging crisis events, response types, and outcomes for 2,500+ service contacts (1,750 unique clients), improving team visibility and operational efficiency

Confidential Technology Company IL
Software Engineer Intern May 2023 – Aug 2023

- Designed and implemented a centralized internal knowledge base for team ecosystem documentation using Markdown, HTML, and JavaScript, improving accessibility and organization
- Developed configurable widgets enabling dynamic content creation and customization without predefined data sources

Projects

Campus Housing – UIUC Apartments Champaign, IL
Python, GitHub Actions, Vue 3 • vipersurf.github.io/uiuc-apartments.com Aug 2026 – Dec 2026

- Operate a self-updating data service: a Python ETL pipeline (BeautifulSoup + Nominatim REST API) on a scheduled GitHub Actions cron ingests 4 landlord portals weekly, commits a refreshed JSON feed (174 listings), and redeploys with no manual intervention
- Revived a forked open-source codebase end to end: dependency installation, build fixes, static hosting, and CI/CD deployment to GitHub Pages

Al-Baqaa – Muslim Obituaries Platform Champaign, IL
Node.js, OpenAPI 3.0, CI/CD • vipersurf.github.io/MuslimObituaries May 2026 – Aug 2026

- Configured and deployed a Node.js reference HTTP server mapped to an OpenAPI 3.0 contract for a community obituary platform, structuring reproducible local testing and staging endpoints
- Automated build and release with GitHub Actions CI/CD, with runtime switching between static JSON data and the live API

Technical Skills

Systems & Infrastructure: Server Setup & Administration, AV/Livestream Systems, IP Cameras, IoT Device Management, Home Assistant, Wake-on-LAN (WoL), Computer Hardware
Networking & Protocols: TCP/IP, DNS, HTTP/REST, LAN/WLAN Configuration & Troubleshooting
Automation & Scripting: Bash, Python, MacroDroid/Android Automation, GitHub Actions CI/CD, Cron Scheduling
Data & Healthcare Systems: EMR Systems, HIPAA Compliance, SQL, JSON Pipelines, Web Scraping (BeautifulSoup)
Certifications: HIPAA Compliance Training, Peer Recovery Support Specialist, CPI De-escalation, Suicide Prevention
